

College Recommendation Questionnaire

Kevin Kelly, LHS Math Dept.

If you would like me to write a college recommendation for you, complete this questionnaire. You can give it to me in person up through the last day of school, or you can mail a paper copy to my home anytime through June 30: *Kevin Kelly; 7 Maxwell Road, Bedford, MA 01730.*

If you choose the mailing option, also e-mail me at kkelly@sch.ci.lexington.ma.us to let me know that you've sent it, so I can make sure it is received.

Depending on your situation, you might have a lot to write for some questions and not much to write for others. Feel free to answer briefly, or to add paper if you need more space. And if there's anything you want to tell me that isn't covered in the questions, feel free to add that information.

Name _____ Home address _____

LHS homeroom _____

E-mail _____ Home phone _____

1. Looking back at your work in my class, what are you the most proud of?

2. What do you regard as your most important academic accomplishments (in general, not exclusively in math)?

If you were in my class this past school year, skip to question 5 on the next page.

If I haven't taught you since sophomore year, answer questions 3 and 4 on the back of this page.

3. What math class did you take this year? Who was your teacher? How did it go for you? How have you progressed as a math student?

4. What else have you been up to during the past year?
